WINNING THE FUTURE THROUGH INNOVATION

SPE600-1-2600
SPE Flatwork Ironers

FEATURES

- In a space of just 18 m², it dries and irons, folds and stacks linen.
- Folding types: longitudinal and crosswise.
- Can be operated by a single operator.
- Maximum output up to 290 kg/h.*
- Adjustable ironing speed up to 18 m/min.*
- Maximum temperature: 165ºC.
- Automatic ironing speed control.
- Automatic cooling of the ironing roller.
- Available in one or two work lanes.
- Intuitive and programmable 7" touchscreen. Optional mobile arm.
- Fume extraction system with automatic fan cleaning.
- Stackers can be added (optional).
- Customisable with different accessories.

Featured options:

SALIDA LATERAL / Side exit

1 Apilador lat. compacto por palas
Side standard stacker by blades

2 Apilador lat. Roll-Off (por arrastre)
Side stacker Roll-Off

SALIDA POSTERIOR / Rear exit

3 Recogedor post. + bypass (2/4 vías)
Rear collector + bypass (2/4 lanes)

SMARTY
Plegadora prend. pequeñas
Small garment folder

*Maximum production and speed, variable depending on model, configuration and working conditions.

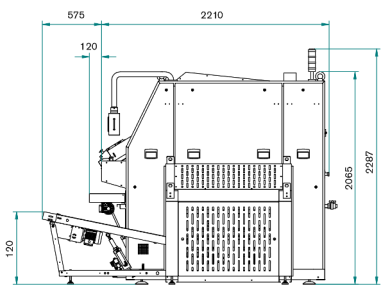

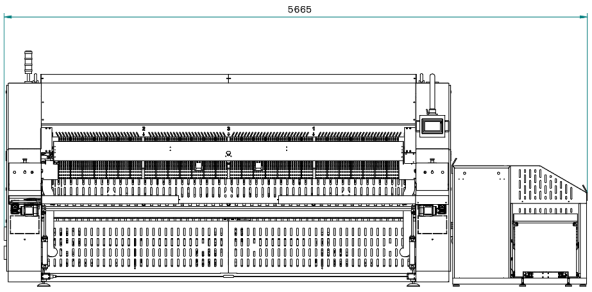

OPTIONS

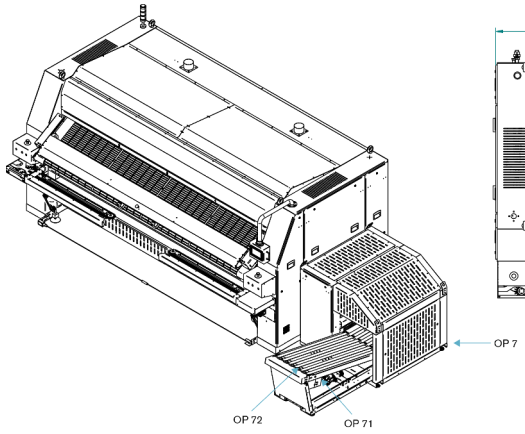

- Compact side stacker by blades
- Roll-off side stacker
- Vacuum belts to help linen feeding
- Automatic 1 lane clamp feeder (needs option of vacuum feeding belts)
- By pass for rear exit
- Table for rear exit (H=860 mm. OPC bypass required)
- Four folding lanes (lengthfolds only)
- Rotating arm for the control panel
- 2 lanes rear collector small garments (it needs bypass option)
- Side output with table (without stacker) H=480 mm
- Side output with motorised table (without stacker) H=805 mm
- 4 lanes rear collector small garments (it needs bypass option)
- Double air pressure for thick linen
- Linen rejection system (dirty or torn)
- Remote service (SPE, SP, S)
- Maritime packaging SPE
- Maritime packing for compact side stacker by blades
- Maritime packing for Roll-off side stacker 1
- Maritime packing for small pieces collector 2 lanes
- Maritime packing for small pieces collector 4 lanes
- Different voltage from 400V 3~ +N 50 Hz
