

ECOTANK XL tanks are the ideal solution for optimising water consumption in your laundry.

Ideal for large businesses and large capacity machines.

### OUTSTANDING FEATURES

High-capacity tanks designed to store up to 1000 litres, allowing for significant water savings.

Compatible:  
Different ECOTANK XL units can be combined with various Domus machines featuring TOUCH II:

- 1, 2, or 3 ECOTANK XL tanks.
- 1 or more machines with the ECOTANK XL units.

Durable: Manufactured from high-density polyethylene with an external reinforcement of galvanised steel structure.

### EFFICIENCY

Up to **40 and 70% savings\***.

Detergent savings: By optimising the use of water in different phases of the wash, ECOTANK XL reduce the need for chemicals to treat the water.

\*Depending on the types of programs, garments and processes.

### EASY MAINTENANCE

Fixing: Incorporate holes for easy anchoring to the floor.  
Accessory kit available: To easily connect the washers and barriers with the tanks (option).  
2 water level sensors: on each ECOTANK, indicating the minimum and maximum level.

### OTHERS

One or more washing machines can be connected so that the wash water can be reused.

Sold separately.

No external panels, only the frame.

Required: Water and electricity connections (connections not included with the tank).

Make connections between machines and tanks: hose kit and fittings available as an option to connect 1 washer/barrier to 3 tanks.

#### MACHINES THAT CAN BE CONNECTED WITH ECOTANK XL

- up to 8 \* 35/45 kg washers
- up to 4 \* 60/80 kg washers
