

ECOTANK XL tanks are the ideal solution for optimising water consumption in your laundry.

Ideal for large businesses and large capacity machines.

OUTSTANDING FEATURES

High-capacity tanks designed to store up to 1000 litres, allowing for significant water savings.

Compatible: Different ECOTANK XL units can be combined with various Domus machines featuring TOUCH II:

- 1, 2, or 3 ECOTANK XL tanks.
- 1 or more machines with the ECOTANK XL units.

Durable: Manufactured from high-density polyethylene with an external reinforcement of galvanised steel structure.

EFFICIENCY

Up to **40 and 70% savings***.

Detergent savings: By optimising the use of water in different phases of the wash, ECOTANK XL reduce the need for chemicals to treat the water.

*Depending on the types of programs, garments and processes.

EASY MAINTENANCE

Fixing: Incorporate holes for easy anchoring to the floor.
 Accessory kit available: To easily connect the washers and barriers with the tanks (option).
 2 water level sensors: on each ECOTANK, indicating the minimum and maximum level.

OTHERS

One or more washing machines can be connected so that the wash water can be reused.

Sold separately.

No external panels, only the frame.

Required: Water and electricity connections (connections not included with the tank).

Make connections between machines and tanks: hose kit and fittings available as an option to connect 1 washer/barrier to 3 tanks.

MACHINES THAT CAN BE CONNECTED WITH ECOTANK XL

- up to 8 * 35/45 kg washers
- up to 4 * 60/80 kg washers
